

Under the provisions of Section 413.031 of the Texas Workers' Compensation Act, Title 5, Subtitle A of the Texas Labor Code, effective June 17, 2001 and Commission Rule 133.305, titled Medical Dispute Resolution-General, and 133.307, titled Medical Dispute Resolution of a Medical Fee Dispute, a review was conducted by the Division regarding a medical fee dispute between the requestor and the respondent named above.

This dispute was received on 03/18/03.

## **I. DISPUTE**

Whether there should be additional reimbursement for hospital admission for dates of service 09/18/02 through 09/22/02. Charges denied as, "C-Contract savings per National Choicecare or CCN PPO agreement. N."

## **II. RATIONALE**

Carrier denied services indicating a contract exist between them and the provider. Per a telephone conversation with \_\_\_\_ at 11:00 am on 08/24/04 with Presbyterian Hospital of Plano, there is no contract between the hospital and the carrier.

The respondent's (EOBs) of the disputed services, indicate the carrier improperly carved out the charges for the implantables, applied the per-diem (§134.401(c)(1)) and reimbursed the requestor a total of \$19,075.06. Per Rule 134.401 (c)(4)(A)(i) this action is allowed only when stop loss is not in effect with a total audited bill below \$40,000.00.

Audit reductions are made per Rule 133.1, 133.301 and 134.401. Per Rule 134.401 (c)(6)(v), "Audited charges are those charges which remain after a bill review by the insurance carrier has been performed."

According to Rule 134.401 (b)(2)(A) all hospitals are required to bill usual and customary. The requestor billed usual and customary. The carrier's audit (EOBs) and response failed to prove the requestor's charges were not their usual and customary. Consequently, without the appropriate audits per §133.301 and 134.401, the total of these disputed/audited charges exceed \$40,000.00.

According to Rule 134.401(c)(6), the services in dispute are to be reimbursed per the Stop-Loss Method. Stop-loss is an independent methodology established to ensure fair and reasonable compensation to the hospital for unusually costly services rendered during treatment to an injured worker. Rule 134.401(c)(6)(A)(i) states that to be eligible for stop-loss payment the total audited charges for a hospital admission must exceed \$40,000. The reimbursement for the entire audited admission shall be paid using a Stop-Loss Reimbursement Factor (SLRF) of 75%. The Stop-Loss Reimbursement Factor is multiplied by the total audited charges to determine the Workers Compensation Reimbursement Amount (WCRA) for the admission.

Rule 134.401(c)(6)(B) states the formula for calculating the appropriate reimbursement is:

Audited Charges x SLRF = WCRA.”
